DEDICATED TO

DR. WILLIAM ARCHIBALD MACKINTOSH

(CMG MA PHD LLD FRSC)

PRINCIPAL, QUEEN'S UNIVERSITY

## The Principal's Message . . .

This space which has been hospitably allowed by the Editor enables me to say two things which I wish to say.

First, I thank the Editor and his associates for the honour they have done me in dedicating this book to me. Yet my sense of the honour of this dedication and of having this somewhat formidable portrait kept in perpetuity by the Class of 1952 is much less than is my appreciation of the warm friendship which prompted the action.

Second, may I welcome the Class of 1952 into full membership in the University as they graduate? Though they leave the University buildings and grounds, they are indissolubly part of it. May they all find that the paths they now take lead to a fuller life which will stretch their capacities, broaden their sympathies and give substance to their dreams?

As the first class to graduate during my period as Principal, the Class of 1952 has a special place in my regard and affection.

A handwritten signature in cursive script, appearing to read "A. H. Davidson".

Vice-Chancellor and Principal.

# ALMA MATER SOCIETY EXECUTIVE

1951-52

This year, as usual, the Alma Mater Society has had an extremely active and busy year. Many important questions have arisen, but thanks to careful and thoughtful handling by the executive these have been easily overcome.

A new era started at Queen's in October with the installation of Dr. Macintosh as our new principal. We wish him well as he guides this institution through the days ahead. We said our farewell to Dr. Wallace in November, and are very glad that he has settled in Kingston and will remain a familiar figure on the campus.

In answer to a need on the campus, The Athletic Board of Control Inquiry Committee was set up late in December. A complete examination was made into the athletic administration here and at other colleges, in an attempt to find a satisfactory arrangement for Queen's. The new constitution now awaits student approval. We of this executive will wait and watch attentively to see the results of the new arrangement as it is worked out.

And so the year continued, the Aquacade and the "Bronze Baby", the boxing and skiing championships, Monseigneur Vandre as the Alma Mater Society lecturer, the Messiah, the Torchbearers, the Quarry. And now it draws to a close.

At Queen's we realize how extremely fortunate we are to have the student self-government that is ours. It shows the strength of the student body, and the ability of students to make their own decisions. It is to be hoped that any movement to relinquish any of these rights of self-government will be checked early in its development, and that Queen's Alma Mater Society will remain a true and honest expression of student opinion.

No president could have received more complete and honest support from her executive than have I. We are all especially indebted to Herb Hamilton for his guidance and invaluable assistance.

To all who have given willing assistance to the executive and its work this year, may I say simply and sincerely.

Thank you

—ROSEMARY BARTLETT.

## HISTORY OF LEVANA '52

The Levana Society at Queen's University is the sole representative of women from Levana on the campus of a member. Levana was founded in 1952, and since that time it has been through the participation and cooperation of every Levana that it has been able to carry on its responsibilities and activities. Those who graduated in 1952 have been as proud to belong to Levana as to their respective faculties of Engineering, Medicine, Commerce, Nursing, Science, Physics, Education and Arts.

The members of the graduation class of this year can well look on the activities of this year with pride and fond memories which include the Confraternizing Ceremony, the Sober Frosh Tea, the Annual Levana Dinner, the Graduation Dinner and Levana's last, the return of the Bronze Baby.

We wish all the undergraduates as much happiness and satisfaction as we have had in our stay at Queen's and hope that those who follow will enjoy the experience of being in the new wing of Barn Rigg Hall.

## HISTORY OF ARTS '52

Once upon a time, ten years ago, a group of young people made their first high school trip from Vancouver to Prince Rupert, Fort McMurray to Saskatoon and from there to Regina. They were banded together by Arts '52. The band was made strong by the traditions, beliefs and their young shoulders to "lead" sophomores in brightly lettered placards and other traditions and the little regulations. To their credit, day the time of Arts '52 will remain the standard at the market place to remain their own little band.

Arts '52 has more strength in maintaining the way that those that followed have the place back but not changing their sense of responsibility which are in person and school which attempt to reach a high degree of student government. They were members of Arts '52 in many prominent and responsible positions and it can be said that they filled their position to the utmost of their ability and did credit to themselves, their own and their university.

Over the four years the size of the year decreased considerably and the band became

Accordingly but Arts '52 always maintained its position on the campus as an important year scholastically, athletically and socially.

Now in this spring of 1952 which marks the end of Arts '52 as an organized year on the campus, many are the plans for later, and they are as diversified as the origin of the members of the year. Some are entering business, industry and education; others are planning further schooling in Graduate and Law schools. The month of May will see the end of this organized group but the years to come will show that the spirit has not died and that Arts '52 will remain to link together people in many parts of the world.

## HISTORY OF COMMERCE '52

Commerce '52 has the distinction of being the last Commerce class to graduate in the three year course. Many of us did not register with the Commerce group in 1949, but joined the ranks later, while some of us took a year studying Arts, leaving us with the word B.A. to our names. However, in spite of these heterogeneous beginnings, we have with few exceptions, become a closely knit group.

Although we are few in number, we have been well represented in the many affairs of campus life, with our members participating in the many social, athletic and administrative functions of Queen's.

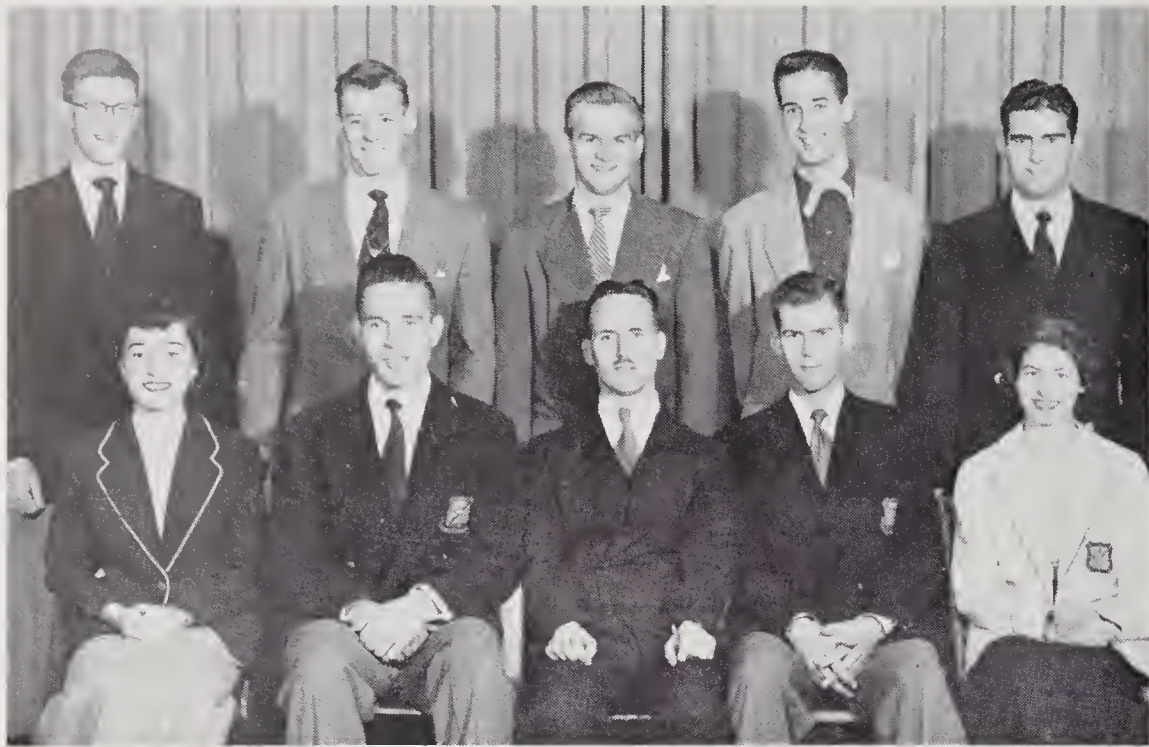

As we look back over our years at Queen's, we remember among many things, our time spent pondering over the calculating machine in the Commerce building, the hours spent on Balance Sheets which refused to balance, our consideration of possible future memberships in the Commerce Club, the discussions in the Union, and last, but by no means least, our trip to Montreal.

Now we have reached the end of our journey. We have reviewed 1100 letters, we look over Queen's past, may we wish the Commerce class of the future every success.

## HISTORY OF MEDS '52

The majority of medical freshmen who registered in the fall of '51 held the view that the aim of '52 would leave them with an all encompassing knowledge of medicine. Instead, we discovered that the Medical Faculty had taught us not to believe and take for granted, nor to contradict and dispute, but rather to weigh and consider, to value the judgment of others, to experiment, and above all to be humble. This we found to be the purpose of a doctor.

The class of '52 was a group of many who had come with other freshmen high schools, and met together in the university of their studies, to accommodate a sports and social life. There have been many highlights during the last six years: the pep games and their vaudeville entertainment, the winning of the Silver Trophy in third year, the election in 4th year of the class motto from San Diego's Marine Corps, fully comprehending diagnosis, the return of the Admission Court to their campus in 1951 and with the graduation banquet in 1952. There have been many hazardous almost night blind accidents, the waiting with anxiety at examination results, will be recalled at future class reunions.

During the last six years many of the married students raised families and many other students were married. In the winter, cooperation is extended to their help and encouragement towards the final graduation day.

As our student life at Queen's reaches its completion, the members of Meds '52 extend their gratitude to those who helped and helped them to become Doctors of Medicine.

## HISTORY OF SCIENCE '52

We registered in September as well as 1952 having a long time away. We were first impressed by the view back at our home at Science. The first person we met was the first student with the first day's new arrival. We were at home before the election, which was a very good one for the Science.

We took the Express to the College of Science. Later, we were the first to get in the House. Only two years to see the students and after a week of hard work.

Next year, we have had a very good year. Though we were not very good in the first year, we were very good in the second year. It was a very good year for the Science. We were very good in the first year, but the Christmas year was very good. We were very good in the first year, but the Christmas year was very good. We were very good in the first year, but the Christmas year was very good.

In our third year, we were very good. Though we were not very good in the first year, we were very good in the second year. It was a very good year for the Science. We were very good in the first year, but the Christmas year was very good.

Of course, our first year, Science was very good. It was a very good year for the Science. We were very good in the first year, but the Christmas year was very good. We were very good in the first year, but the Christmas year was very good.

## HISTORY OF THEOLOGY

The Synod of the Presbyterian Church of Canada in 1840 sought and obtained an Act of the Legislature of Upper Canada to institute a "Presbyterian University at Kingston in order to secure a theological training for those having the Presbyterian ministry in view". This Act was dissolved to make way for a Charter granted by Royal Letters Patent on 16th of October, 1841 "for the education and instruction of youth in the Arts and Faculties". It provided that "the first Principal of the said University who is also to be Primarius Professor of Divinity, shall be appointed by the Committee of the General Assembly of the Church of Scotland". Rev. Thomas Liddell, D.D., opened the first session on March 7th, 1842, with eleven students.

By an act which received Royal assent on April 1st, 1912, the Faculty of Theology ceased to be an organic part of the University. By this Act "Queen's Theological College" was born. The College is affiliated to the University and controlled entirely by the United Church of Canada. The General Council appoints the board of Management and the Board appoints the teaching staff, subject to the approval of the Council.

The teaching staff consists of:

Principal Rev. H. A. Kent, E.D., M.A., D.D., LL.D., F.R.S.A., F.A.G.S., Professor of Hebrew and Old Testament Criticism.

Rev. J. M. Shaw, M.A., D.D., Professor of Systematic Theology and Philosophy of Religion.

Rev. S. M. Gilmour, B.D., Ph.D., D.D., Professor of New Testament Literature and Criticism.

Rev. W. E. L. Smith, M.C., M.A., Ph.D., Professor of Church History and Practical Theology.

Rev. C. E. J. Crogg, M.D., D.D., Lecturer in Public Speaking.

Rev. W. F. Bonnister, O.B.E., B.D., Lecturer in Practical Theology.

During the 110 years since its foundation, the Faculty of Theology has trained in whole or in part 672 candidates for the Christian ministry and has exercised a far reaching influence on the life of the Dominion. It is still in close touch with the University and most of its students receive their preparatory training there.

The aim of the College, both in its courses and its affiliations, is to maintain a high-quality of ministerial training and to meet the growing demands made on it by Church and Country.

## THE PRINCIPAL'S MESSAGE

Queen's Theological College this year will send out seven men into the service of the United Church of Canada. They have had a long period of training and we send them out with our expectation of their usefulness in their calling.

The Ministry of the Christian Church is both a calling and a learned profession. An adequate training for it demands years of conscientious study of the theological, historical, biblical, literary, and social sciences. Theological education has suffered during our long history, not from the paucity and not from the quality of the training, but from the paucity of the number of students. It is one of the areas of a long process of development for the ministry that those in training should be equipped with sufficient knowledge and also be able to do more than thinking about those things which must always concern human beings both for the world in which we live and for the one which is not seen.

The men whom we send out this year have been diligent and faithful students. We have no doubt that they will continue to be such and that they will become more and more conscientious and useful in the years which lie ahead. Our blessing and good wishes go with them all.

*H. A. Kent*

In Memoriam . . .

---

## King George VI

---

And I said to the man who stood at the gate of the year, "Give me a light that I may reach certainty to the unknown."

And he replied,

"Go out into the darkness and put your hand into the Hand of God. That will be to you better than light and safer than a known way."

So I went forth, and finding the Hand of God, tread gladly into the night.

—M. L. HASKINS

## ***A Disasterous Season***

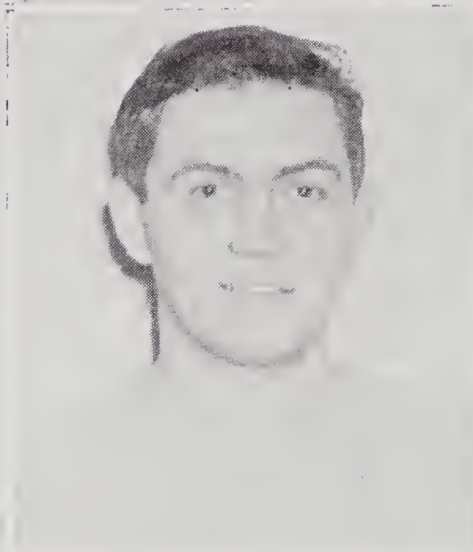

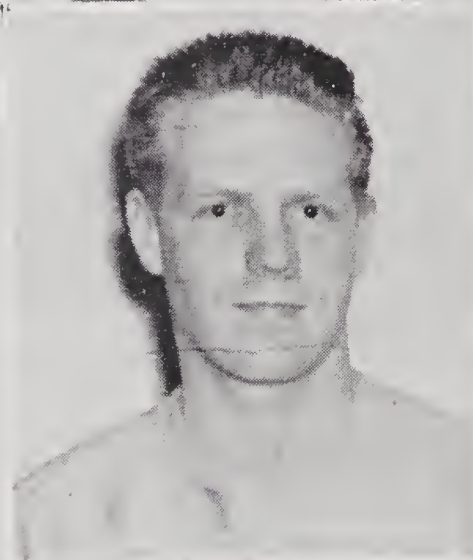

Frank Tindall's Golden Gophers had another disappointing season this year and failed to win a game in intercollegiate football play. Utterly inexperienced in some respects, the team was hit with injuries from start to finish. However, the Gophers were a fighting team again this year and gave all they had in every game.

Tindall's troubles started when Dan Griffin, first string quarterback, fractured a wrist in a pre-season game against McMaster. Along the line the Gophers were particularly sore this year and ended losing the season to heavyweight Zwerger of Lyon, and Lombard scored both matters.

Although the Gaels failed to win a game in league play, two of the squad made the Intercollegiate all-star team. Captain Harry Lampman and Ross McKelvey. Lampman, who fractured his hand midway through the season, was sensational as a pass receiver. His great height and sure hands made him the most feared end in the Union. Ross McKelvey had his best season in a Queen's uniform this year. He was without a doubt the best running back in the Intercollegiate loop and in addition to earning an all-star berth, ended up in third place in the scoring race. Terrific on defense as well as offense, the slim blond flash

DON BAHNER  
BILL GATFIELD

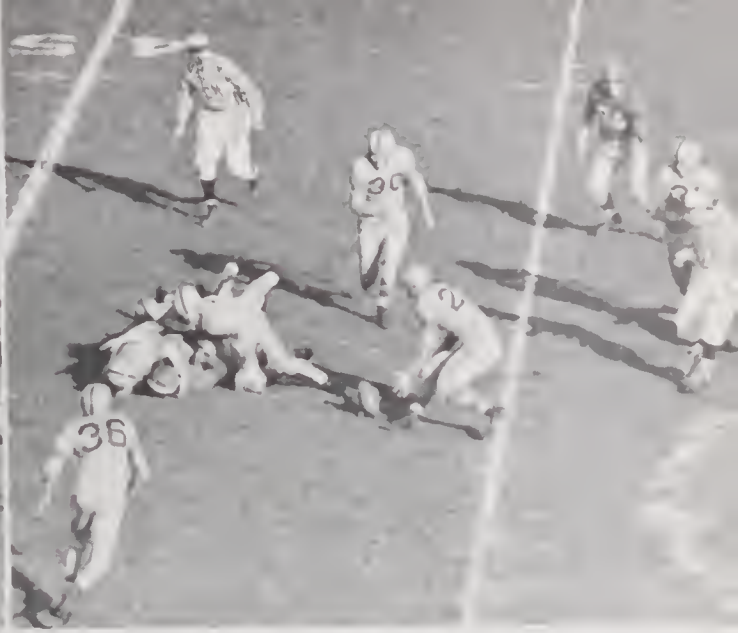

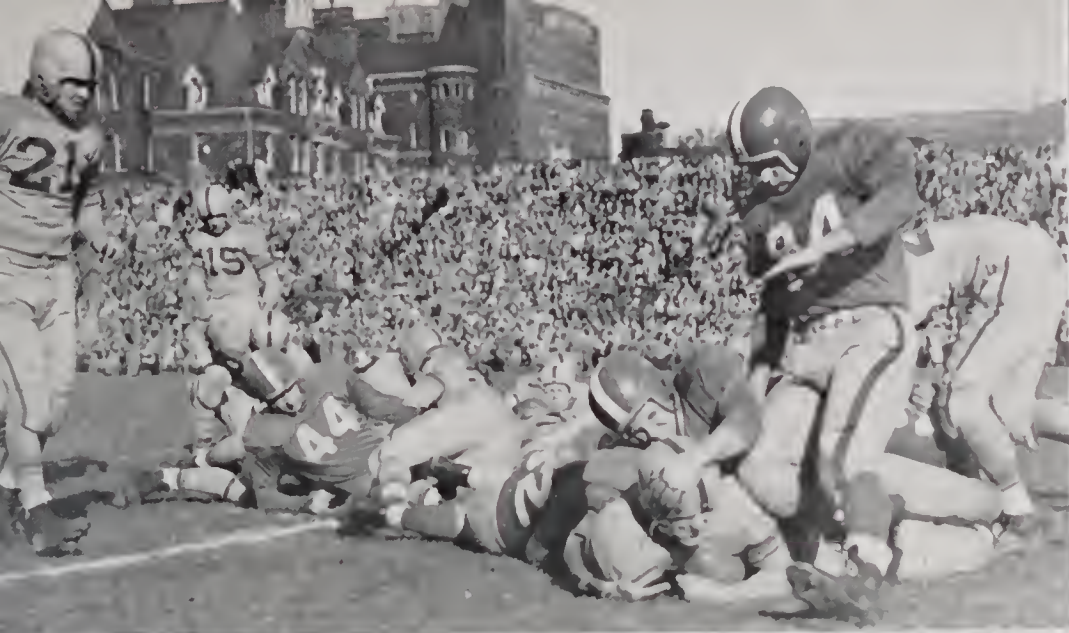

WALLY MELLOR  
JIM CHARTERS

Assisting Tindall with the coaching this season was big Hal McCarney, standout lineman on last year's Gaels. Hal did a good job of getting the boys into shape and kept them in top condition all season long.

Frank Tindall was doing a rebuilding job this year and his team will be much more experienced next year. Although he will lose about eight men through graduation there will be good replacements coming up from the champion intermediate Comets.

To those of the Gaels graduating, Fleming, McIlveen, McKelvey, Charters, Lampman, Lanier, and Doliszny, go our best wishes.

# INTERMEDIATE FOOTBALL

JAKE EDWARDS  
COACH

Jake Edwards' Intermediate Comets brought Queen's its first football title in years when they won the Ottawa-St. Lawrence Conference Championship. The small, well-conditioned Comets lost only one game all fall, a post-season challenge game against University of Toronto Intermediates.

Big opposition for the Comets in the Ottawa-St. Lawrence loop were R.M.C., Ottawa U., and McGill. In the first game of the season, Queen's just squeezed by a R.M.C. squad by a score of 9-6. It was the only loss the soldiers suffered all year, and Jake's boys were lucky to win.

Next to R.M.C., Ottawa U. provided the sternest opposition for the Comets. The Comets came out on top 17-7 in a bitter contest on the Ottawa U. field.

During the two previous seasons, Queen's had lost only two league games, one each year to McGill. Edwards and his boys had ample revenge this year, overpowering the Indians 27-11 at Richardson Stadium. This victory cinched the title for Queen's as the Comets other two league games were against the perennial league cellar-dwellers, MacDonald College and St. Pats. St. Pats lost 31-0 and the Mac boys kept pace with them by losing 30-0 to the rampaging Comets.

As soon as Queen's won the Ottawa-St. Lawrence title, they challenged Varsity, winners of the Western Ontario Intermediate loop. Varsity accepted the challenge and the game was played at Richardson Stadium on a snow-covered field. Both teams were in good shape and played very hard and fast from start to finish.

On the ground the teams were very evenly matched. Queen's took an early lead but this was to be soon tied up by Varsity to make the score 6-6. Most of the game was played with the score tied but near the end of the game, the U. of T. boys took to the air and showed an impressive passing offensive. They managed to score another touchdown and came out on top with a 12-6 victory.

As usual coach Jake Edwards relied on a small first team. To him and to assistant Al Lenard must go much of the credit for the Comets' success this season. May they have many more such successful seasons.

AL LENARD  
ASST. COACH

## SENIOR BASKETBALL

The Queen's senior basketball team finished the 1951-52 intercollegiate season in fourth spot behind Western, Varsity, and McMaster, and ahead of McGill's winless Redmen.

The Gaels managed to win only two leagues games, both of them against McGill. Tindall's charges had their best night of the season when they swamped McGill 75 - 35 at Queen's. In Montreal the return game was much closer, but Queen's managed to win 60 - 53 in over time.

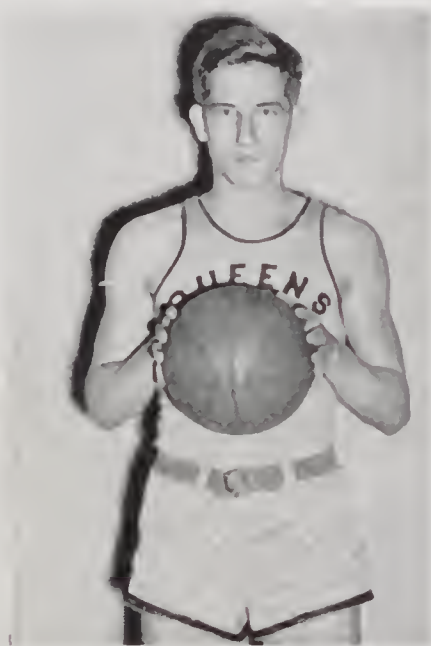

Queen's lost to Western, perennial champions by a score of 71 - 52 in Kingston, but in London the Gaels, using only 7 players, gave Metras and his men a scare. The Mustangs managed to go ahead of the Gaels only in the last minutes of the game to win 62 - 52.

Varsity just managed to scrape out a 54 - 52 win over the Gaels in Kingston. Queen's, however, had its off-night of the season in the return game and were swamped 77 - 44 in Toronto.

NORM WILSON

TOM ELMLIN

HARRY LAMEMAN

JIM KELLEHER

DON GRIFFIN

JOHN ELFORD

McMaster, playing their first season in junior intercollegiate basketball, showed they were up to the task. They beat Queens 19-12 and 20-12 and ended up in a tie for second place.

The Gaels won three out of ten exhibition games, finishing them on overall record of five wins and thirteen losses for the season.

Captain Don Griffin's exceptional play pushed the Gaels all through the schedule. He walked off with the league scoring championship and on his own this year he rated as one of Canada's top basketball players.

Most of the Gaels were playing their first season in junior intercollegiate basketball. Only players from last year were Cannon, Griffin, Kelleher and Lameman and Elford until the A.B. of C. youth ruling came into effect. The performances of freshmen Purcell, Lynn, Anglin and Dixon were especially heartening to Tindall. Rebuilding in basketball is no football. Tindall should come up with a strongly experienced team next year.

Members of the senior basketball team graduating this year are Kelleher, Lameman, Elford and Wilson.

## LEVANA ATHLETIC BOARD OF CONTROL

BACK ROW — BARB DILLON, TRACY ROULETTEN, JOAN HANSEN, DONNA WAHL, BEIT LILSON  
 SECONDO ROW — HELEN FORBES, BARB SMITH, PAT RANLICKET, BARB MATHERSON, JOAN FLORIAN,  
 LOIS BENSEN, ELAINE MOORE  
 FRONT ROW — MARG FERRELL, MARY LEVETT, PAM MACDONALD, PRESIDENT, MILD ROSS, HELEN STEWART  
 ABSENT — MARG CAMMON, HELEN CARR, ARLETH, ESTHER DARRIA, SHOEMAKER, JOAN GILBERT

The brightest star in the Levana Intercollegiate sports crown this year is the winning of the Intercollegiate Basketball Championship and the Frodo Kelly. In other intercollegiate events the Queen's girls captured several trophies and thereby so that Levana was well represented at the Queen Night banquet held again.

Intramural sports enjoyed wide acceptance and judging by the numbers and enthusiasm at basketball. 1951-52 has been a very successful year.

Levana 130 won the intercollegiate trophy, having won the softball, tennis and hockey championships.

This year's graduating class takes with them four knitters: Helen Forbes, Bobbie Bartlett, Joan Florian, and Barbara Smith from the Service Intercollegiate scene. These women have proved Queen's good name time and again as their successes will do in the future.

To these successors: good luck and many victories!

PAM MACDONALD  
 PRES. L.A.B.O.C.

## Farewells . . .

Though Dr. Wallace is no longer officially connected with Queen's he is remembered with affection and gratitude by those students who have known him. His warm sympathy and understanding of the problems of the students were recognized and greatly appreciated. Dr. Wallace's contribution has been a lasting one and we hope that he will continue his interest in the University.

THE REVEREND DR. H. A. KENT

Reverend Harry Arnold Kent, E.D., M.A., D.D., LL.D., F.R.S.A., F.A.C.S., Principal of Queen's Theological College has had an interesting and varied career. He was born in Truro, Nova Scotia, on May the 12th, 1880. He received his education at Dalhousie University and at the Presbyterian College, Halifax. Dr. Kent continued his post-graduate studies in theology at Marburg and Berlin, Germany. When he returned to Canada, he was appointed Lecturer in Old Testament, in Presbyterian College, Halifax, in 1908. He was appointed professor in 1910 and Dean in 1914. In 1926 he was appointed Principal of Queen's Theological College and Professor of Semitic Languages and Old Testament Criticism. His academic distinction include fellowships in the Royal Society of Arts and the American Geographical Society.

Since 1926 Principal Kent has faithfully served Queen's. We will miss him after his retirement this year but he will be long remembered.

The people you see on these pages are the people responsible for the Tricolor. They have worked long and hard to bring this book to you, enduring the tongue lashings and the whip cracking of their Editor.

We are proud to be able to dedicate Tricolor '52 to Dr. W. A. Mackintosh, our new principal. Dr. Mackintosh is a figure of renown, not only in academic circles, but in the government and the business world. We are indeed fortunate to have such a man as our principal.

The colour picture of Dr. Mackintosh was made possible by Sinclair Cut Stone Construction Company and we indebted to them. Similarly, we are indebted to Dave Dewor of the University Publicity Service, without whose valuable assistance the book could not have been produced.

We have tried to present an accurate picture of life at Queen's. This is the way we have seen it!

## "CFRC" 1490

Every Thursday night during the term, the Radio Workshop goes on the air for a three hour broadcast. This year they have based their programs on music, drama, news, and special features providing a full evening of entertainment for the campus.

For the second year, the Radio Workshop was directed by John Bermingham and was planned to give newcomers a chance at learning radio technique as well as giving the old members a chance for improvement.

Some of the outstanding programs were Gary Smith's Comedy Show, Lionel Ross' "Half Hour", John Bermingham's "Rocking Chair" and the co-ed feature "Leave it to Leona".

## QUEEN'S UNIVERSITY NAVAL TRAINING DIVISION, 1951-52

For the fifth year of H.M.C.S. "Catarqui", the Queen's U.N.T.D. continued its winter training. In September, the second and third year cadets returned from both the east and west coasts of Canada and cruises at sea which had carried them to ports stretched from England to Honolulu. Together with twenty-three new entries from this year's freshman class, these student-sailors formed a group of fifty-nine naval cadets drawn from almost every faculty and year on the campus.

The winter training consisted of parades held every Wednesday night and included instruction in the arts of navigation, seamanship, communications, and of course the ever present "parade training". Interspersed with this routine training were special lectures on such subjects as "Canada's Foreign Policy", "The Atomic Bomb", "Naval Logistics" and "Canada and the United Nations", and together with visits from staff officers from Ottawa and Halifax it made a well rounded and interesting course of instruction.

The pride of the cadets' hearts is the new Gunroom. A shift in quarters throughout the ship left the cadets with a new, larger and more secluded room. With the help of a little elbow grease, paint and a certain ship-right who claimed that he could "build a bar to meet any budget", it soon was transformed into one of the most attractive messes in the ship. The Gunroom was officially opened at a social evening held after the annual principal's inspection, which left the majority of the guests quite impressed with naval life.

Training was in the capable hands of Lt.(L) Arthur Holloway, with Lt. John Chance as executive officer and Lt.-Cdr. L. E. Craut as resident RCN Staff Officer. To these men we all offer a vote of thanks, and express the hope that next year will be as successful as this one.

## QUEEN'S UNIVERSITY CONTINGENT C.O.T.C. 1951-52

Thirty-six undergraduates and graduates were commissioned in the Canadian Army in the fall of 1951. Some of these have completed C.O.T.C. training and the others will complete it in the summer of 1952.

New applicants accepted into the C.O.T.C. appear to be of high calibre. They have applied for training in almost every corps in the Army.

In the summer of 1952, there will be officer cadets from Queen's in thirteen Army schools from Quebec to Victoria. Some of the second lieutenants will be attached to the Canadian Infantry Brigade in Europe for the summer. Others will be employed on "in job" training with Active Force units across Canada.

Social activities of the unit were cancelled after the death of His Majesty King George VI. However, the annual C.O.T.C. Mess Dinner was held in The R.C.E.M.E. Corps Officers' Mess at Barriefield. At that time C.O.T.C. Scholarships were awarded to 2nd Lieutenants A. E. Somerville, Meds '53; R. H. Brawn, Science '53; Officer Cadets D. L. Mackenzie, Arts '54; G. R. Horne, Meds '54 and J. D. Scott, Science '54.

## QUEEN'S R. C. A. F. (RESERVE) UNIVERSITY FLIGHT

The Royal Canadian Air Force (Primary Reserve) University Squadron was formed in the fall of 1949 and in 1952 has reached its full strength of three flights.

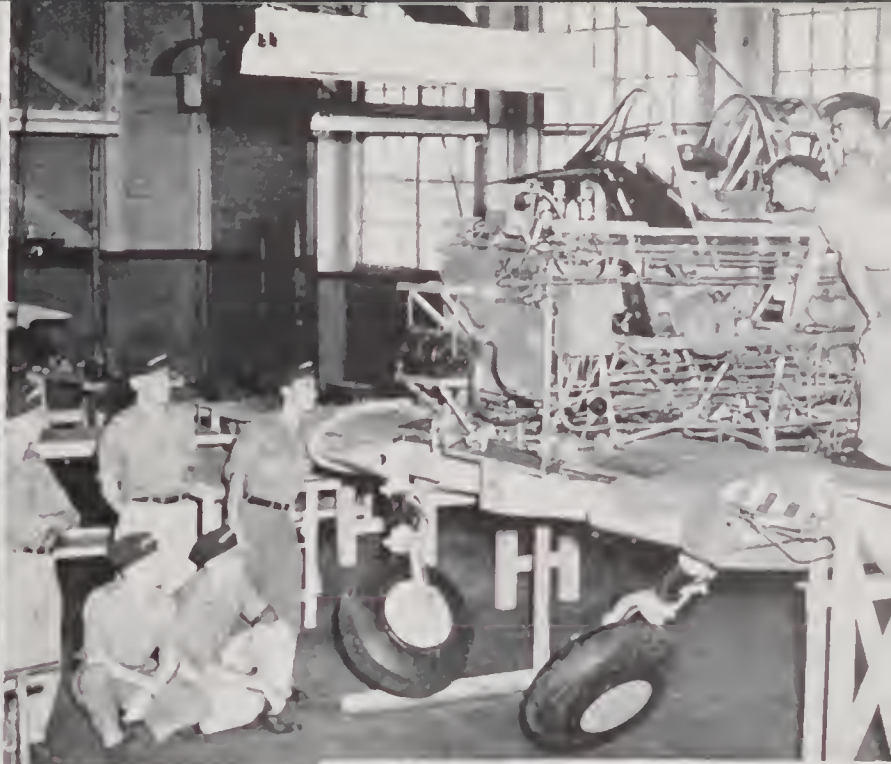

The squadron is commanded by Squadron Leader J. E. Wright, M.B.E., and he is assisted by one officer and one airman of the R.C.A.F. (Regular).

Students enrolled in the first year complete an Indoctrination Course and then proceed to their air-crew, technical, or non-technical school for initial training. In their second year training is continued and commissions are granted at the end of this term. The third summer finds the Squadron members employed in the R.C.A.F. as qualified officers in their respective branches. Several Pilot Officers are sent overseas in the third year.

In three years Queen's University Squadron has grown from a humble beginning to a strong and vigorous squadron and one that is second to none in the University Reserve Training Plan.

## “Macbeth”

The Guild's first production this year was the tragedy of Macbeth. All the mystery and foreboding of the Scottish moors was brought to the sombre proceedings of murder and treachery, however, the audiences couldn't seem to get enough of this sort of thing and the production was a sellout here before going on the road to Brockville and Ottawa. At both of the out of town spots the show was well received, both from the point of view of appreciation and that of the Guild treasurer.

The women of the Guild, deciding that they were actresses in spite of plays with few women in the cast and banded together to display their talent in an all-woman one-act play for a general meeting. Straight directed, the play "Mr. Hunter" was enthusiastically received by the members. The major produc-

## "The Torch Bearers"

Two of the spring festival was the comedy for "The Torch Bearer" carrying the light of knowledge into the grades.

Members of the Glee Club, who were active in the Secondary School Festival, were the group of "Torch Bearer" but were behind the scenes. Their work is mentioned because of the light that they gave the young people and students of the future.

All in all it has been a year of hard work by the members of the Glee Club, and the "Torch Bearer" has been a success and it will probably only be better ones.

JOYCE BEGGS

The Glee Club's song in the Secondary School Festival held this year at the Glee Club, was "The Torch Bearer" and it was a success. It was a success because of the light that they gave the young people and students of the future.

**MODEL PARLIAMENT STEERING COMMITTEE**

A. RUSSELL, A. MOORE, E. FILSON (CHAIRMAN), J. CROSBY, J. PLATT

## MODEL PARLIAMENT

The Model Parliament sits for two sessions, one in each term of the college year. Boasting of the same accurate set-up and relative responsibilities of the parent legislature body elsewhere in Canada, this organ offers students the opportunity of forming and viewing their political ideas and beliefs and presenting them under Parliamentary conditions.

During the 1951-1952 college year Model Parliament held its sessions in Grant Hall and Wallace Hall. Each of these sessions showed the interest and debate that marks the sittings of the regular legislature. Both marked their initial openings with the attendance of a representative Governor-General and other dignitaries.

The Fall session of the Model Parliament showed the Liberals to be in power. A bill presented by them favouring a National Health Scheme was defeated by a narrow margin.

The Spring session saw the Conservatives in power and advocating an act to legalize gambling. The bill was passed with the vote favouring the Conservative party.

Guest speakers for the two sittings of Parliament were the Honourable Wishart Robertson, Leader of the Senate, and Donald Fleming, M.P., of the Federal House.

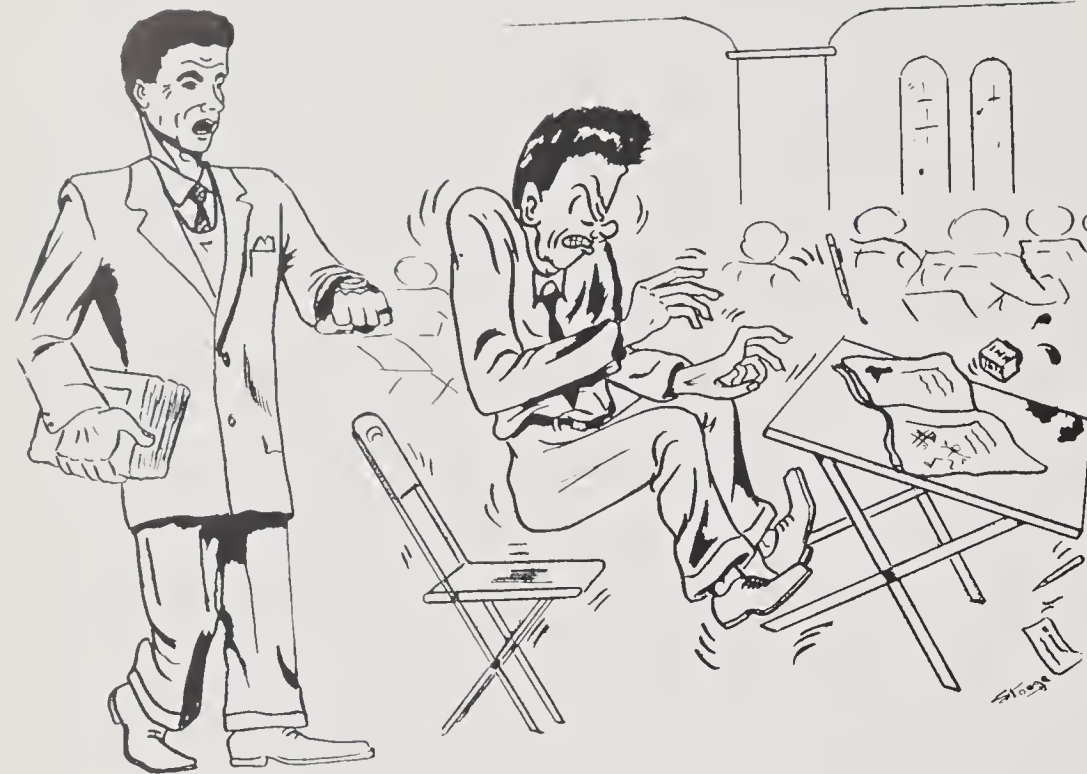

G. SMITH/52

OH HARVEY, I'M SO GLAD YOU'RE AN ARTSMAN  
... THEY ARE SO DEEP AND PHILOSOPHICAL.

CLOSE YOUR PAPERS PLEASE!!!!

G. SMITH/52

MY BUT WE HAVE AN EAGER LITTLE CLASS THIS YEAR

G. SMITH/52

WELL, WELL, ANOTHER ALUMNAE MESSAGE

I SEE WHERE THE JOURNAL EDITOR IS LEAVING TOWN FOR THE WEEKEND AGAIN

PROFESSOR FORSYTHE WILL DO ANYTHING  
TO KEEP THE ATTENTION OF THE CLASS

BUT SIR, I WANT TO BE A TRAIN ENGINEER

WHATEVER HAPPENED TO YOUNG JONES?  
HE USED TO SPEND MONTHS AT A TIME DOWN HERE.

ABSENT—JOHN TAYLOR, MUNI PEARL

## QUEEN'S OPEN HOUSE

Again this year Queen's threw open its doors to the people of Kingston and District for its third annual Open House. An estimated five thousand people visited the Open House, which is entirely a student project, planned and carried through by the students with the whole-hearted support of the University staff and executive.

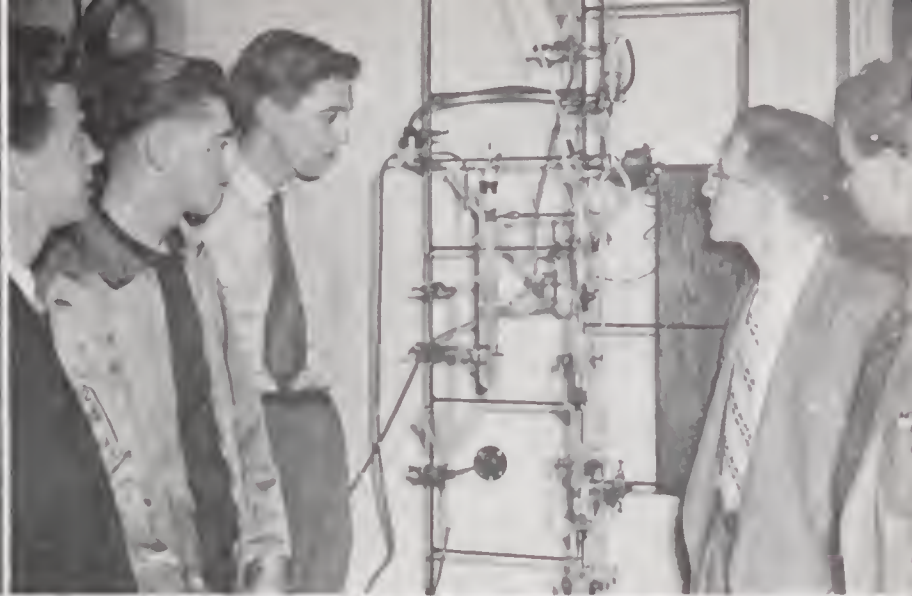

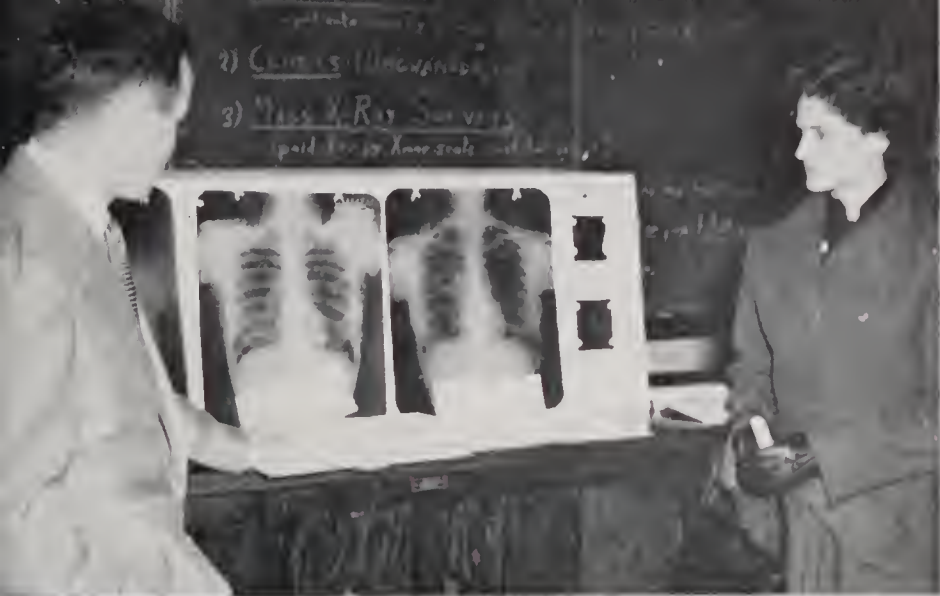

As it was a University-wide endeavour, all faculties forgot their rivalries, banded together in an effort to present a detailed picture of the college in action. The Engineering Faculty's display and experiments ranged from the spectacular in the Physics building, to the fantastic in the Hydraulics Lab, where water actually flowed uphill. The Medsmen, on the other hand, tended to be more practical with interesting exhibits in Pharmacology, radiology and bacteriology. The Artsmen presented something new in the Psychology Building where numerous, unsuspecting persons were chosen from among the spectators to perform tests, to the amusement of the remaining onlookers. Levana provided the most interesting tour to many, however, when it threw open the doors of Ban Righ and Baker House to the public — even men. They also provided invaluable service by providing a baby sitting service, whereby parents with young children might feel free to tour the campus without their offspring at their heels.

One of the most valuable services that Open House provided this year was an opportunity for senior high school students from the district to view Queen's in action and therefore examine for themselves life at a University.

That this year's Open House was a success is clearly an underestimation, but the concern is not for the past but for the future, and an effort must be made to see that Queen's University Open House is maintained as an annual project on the campus, in order that people from the vicinity as well as future Queen's men may become acquainted with the University, its surroundings, its work, and its play.

 And we'll say good bye to our friends here  
 Oh Cha Cha  
 Then with friends and families come  
 Live in our world as they wish to be  
 Good bye good bye to all at UConn  
 Oh Cha Cha

## GRAD DINNERS

The graduates of the university were guests of the University again this year at the Grad Dinners. Levana also held their usual dinner and dance for its graduates.

The dinners were held in Wallace Hall with Principal MacLennan as the guest of honor. On both nights the graduates were honored with a short speech by the Principal. He formally welcomed them as full members of the university, reviewing April and May and how they had grown. They Dr. MacLennan's guest of honor the importance of a privately endowed university in our society that is becoming more and more important every day.

The banquet ended as the beautiful song "Oh, Thrill"

The Golden Year has passed by

*Progress*

This company believes that the greater the use that is made of electric power in Canada the higher will go our national standard of living and lower will go the costs of producing goods of every variety.

It is this belief, held now for nearly sixty years, that has determined the Company's unwavering policy—to produce more goods for more people at less cost.

Canadian General Electric is proud to be playing a part in the ever-growing electrical development of our country.

The goodwill and confidence of the medical and allied professions are two of the major factors in our growth. To obtain that confidence, we early adopted the policy that "Frosst" pharmaceuticals must contain only the highest quality ingredients; that the product must be true to label, and that the Company is prepared to publish the complete formula for each one of its products. Consistent research and strict control is our method of assuring the continuance of this policy.

# The Miracle Writing Instrument

Is it a Fountain Pen?  
Yes!

Is it a Brush?  
Yes!

***In fact, it's BOTH!***

NOW YOU CAN WRITE, DRAW OR  
MARK ON ANY SURFACE IN  
ANY COLOR!

If you haven't used a FLO-MASTER you will be delighted with this revolutionary "Fountain Pen with the Felt Tip". It writes on any surface — plastic, wood, paper, metal — heavy or light. The flow of ink is accurately controlled by the pressure on the felt tip. FLO-MASTER inks in eight colours are instant-drying, waterproof.

It's almost too good to be true. Now, with one instrument you can achieve the effects of pen, pencil, charcoal, crayon and brush.

And the FLO-MASTER is designed for speed. Complete drawings can be made on any surface without a single dipping such as is necessary when using either a brush or pen.

## MAY WE HAVE AN APPOINTMENT WITH YOU IN 1952?

Seems strange, doesn't it, to be talking about your Retirement already! But it's a fact that the END of a man's career ought to be planned from the BEGINNING . . . making full use of the Service, Security and Savings that only Life Insurance can give him. The younger you are, the less it costs you to get started! We are a friendly Company to do business with — our rates give you really low-cost protection along with a savings program you'll always be thankful for — and your friendly Agent will look after your interests all the way. Too, if you want to make Life Insurance your career, you will find we are a FRIENDLY and PROGRESSIVE Company to work for.

## out of this crucible... a stronger Canada

Challenging problems of production face Canada today. Prudence and the needs of progress demand that Canada must be strong tomorrow. And so much depends on steel!

That is why Stelco is investing \$50,000,000 in a night-and-day expansion program . . . designed to give Canada still more steel in the months and years to come.

The program is in action now that will pour annually a 650,000-ton river of additional new steel to sweep Canadian industry ahead to even higher production goals.

All this future-minded work is going ahead without interruption of Stelco's current steel output, which is at an all-time-record "high" . . . and growing fast . . . to make a stronger Canada.

When Clinical Proof Is Your Guide

## DOHOW RESEARCH PRODUCTS

are indicated . . .

### *Now!!!* The NEW O-TOS-MO-SAN

is a Specific in Suppurative Ear Infections —  
both Acute and Chronic, also External Otitis  
because it is . . .

#### BACTERICIDAL...

(GRAM-POSITIVE — GRAM-NEGATIVE) — it  
KILLS BACTERIA, including BACILLUS  
PROTEUS, B. PYOCYANEUS, E. COLI, BETA  
HEMOLYTIC STAPHYLOCOCCUS AUREUS

*and*

(Isolated from ear infections and found resistant  
to antibiotics in laboratory tests)

#### FUNGICIDAL...

it KILLS FUNGI — including ASPERGILLI,  
TRICOPHYTON, MONILIA, and  
MICROSPORUM

NON-TOXIC • NON-IRRITATING  
STABLE • CLEAR

PROVED EFFECTIVE AGAINST ANTIBIOTIC RESISTANT STRAINS OF ORGANISMS

#### FORMULA:

A NEW, improved process,  
using Dohow glycerol base,  
results in a chemical com-  
bination having these valu-  
able properties.

Urea . . . . . 2.0 GRAMS  
Sulfathiazole . . 1.6 GRAMS  
Glycerol (DOHOW)  
base . . . . . 16.4 GRAMS  
(Highest obtainable spec.  
grav.)

Substantiating Laboratory and Clinical data in  
press.

### *Challenge!!!*

TRY NEW O-TOS-MO-SAN in your  
most stubborn cases, the results will  
prove convincing.

## DOHOW CHEMICAL COMPANY, LTD., Montreal, New York

AURALGAN—After 40 years STILL  
the auralgesic and decongestant

RHINALGAN—safe nasal deconges-  
tant. Act locally NOT systemically.

RECTALGAN—Liquid . . . For symptomatic relief in:  
Hemorrhoids, Pruritus, Perineal Suturing.
